Brand essence

Who we are and how we show up

Classy Fashion Hub sells shirts, jackets, shoes and other fashion wear to students and adults. It blends a physical shop with social media (TikTok, WhatsApp) and a growing online store, where customers can browse, see fixed prices, order and pay without the back-and-forth.

Classy

Polished, confident, never loud. Clean layouts, generous white space, one elegant serif.

Clear

What you see is what you pay. Fixed prices, plain words, simple steps from browse to doorstep.

Connected

One brand across the shop, the TikTok video and the checkout page. Same look, same voice.

SUGGESTED TAGLINES (pick one or use as inspiration)

Dress with distinction.

Classy looks. Clear prices.

Style you can see, prices you can trust.

Primary logo

The oversized C carries a ribbon: the "C" of Classy is the monogram

Clear space = height of the "L" on every side

USAGE

- Use the full logo wherever there is room: website header, packaging, invoices.
- Minimum width: 120 px on screen, 30 mm in print.
- Below that, switch to the C monogram icon.
- Always use the supplied files; never retype the wordmark in another font.
- Reads as "Classy Fashion Hub". Say and write the full name in text.

One colour

Use the monogram when the full logo would be smaller than 120 px / 30 mm wide, or when the space is square or round.
For favicons under 48 px the ribbon is dropped and only the C is used so the shape stays crisp (see page 8).

Logo misuse

Please do not alter the logo

Stretch or squash

Recolour

Rotate or tilt

Place on low-contrast backgrounds

Also avoid: adding shadows, outlines or effects · rebuilding the wordmark in another typeface · moving the ribbon or the C · placing the logo over busy photos without a solid or darkened panel behind it.
